Junior Tennis

QuickStart Stars (8 yrs. and younger)

The USTA QuickStart Tennis format works by getting kids into the game immediately. Within the first hour of stepping onto the court, they are actually playing the game, rallying with one another, moving around and having fun. We use transition balls that bounce at a height equal to kids' playing abilities. This allows for better and longer rallies and allows them to build all-court games.

Future Stars (14 yrs. and younger)

This clinic is split into three different ability levels. Beginning on court one we use the USTA QuickStart format, but the difficulty level increases and more points are played. On court two we begin using traditional balls and work on transitioning to the new balls and the juniors stroke production. On court three the players start playing more points as we begin preparing the juniors to play matches and eventually, tournaments.

Winter/Spring—Beginning Jan. 4

Super Stars (18 yrs. and younger)

The focus of this clinic is on tactics, strategy, and some stroke production. We work to develop a core group of juniors who can compete against one another as well as travel together to tournaments and other competitive events. This clinic uses the USTA HP (High Performance) format which employs fed ball drills, live ball drills and point play to maximize each player's concept comprehension and performance on the court. Hempfield Rec also offers a great opportunity for all juniors to hone their competitive skills through structured match play. Match play is only offered on select dates for the Super Stars.

- Orange HP—Designed for juniors ranging in age from 8 to 10 years old who are competing in tournaments. This group uses the USTA orange transition ball and a shorter 60' court.
- Green HP—Designed for juniors ranging in age from 10 to 12 years old who are competing in tournaments. This group uses the USTA green dot transition ball and plays on a full 78' court.
- HP Stars—Intended for juniors 12 to 18 years old who are competing in district and sectional tournaments as well as competing on high school teams.
